The Vestal Central School District does not condone nor tolerate discrimination on the basis of race, color, religion, sex, gender identity, sexual orientation, age, national origin or disability.

Federal law prohibits school districts from discussing student matters, including disciplinary issues. While the district cannot publically discuss certain matters dealing with personnel and student conduct, residents can rest assured that any violation of the non-discrimination policy will always be investigated promptly and thoroughly, and any culpable parties will be dealt with according to district policies and procedures. In this case, the district has fully investigated the student's claims and has found them to be unsubstantiated.

Regarding the district's disciplinary process, students are given the full due process to which they are entitled in accordance with New York State Education Law. Also in accordance with NYSED, the disciplinary process is confidential.
